

# Mini Holland - Damaging Bus Services

## Hoe Street (South) Walthamstow Waltham Forest's Principal Bus Corridor

Saturday 24<sup>th</sup> March 2018 - 3.10pm

**Nine bus routes serve Hoe Street between Walthamstow Central and Leyton, Bakers Arms. At the busiest times they provide about 55 buses an hour.**

**Save Our Buses (SOB) checked out passenger numbers using Transport For London(TfL) figures. The nine routes accounted for 47.1m passenger journeys up to April 2014. Three years on the number had fallen to 41.8m journeys.**

**5.3** million  
passenger journeys  
lost in just 3 years.

**Traffic delays severely hamper the operation of bus services along Hoe Street. The scene above is a direct consequence of the introduction of Mini-Holland in Walthamstow.**

**Since 2014 Waltham Forest Council has pursued a transport policy that has failed bus users. This has been funded by TfL.**

**The Borough's passengers and residents deserve better.**
