

# Lea Bridge Road Priority Lanes

## The Jam Bus - ters

Priority lanes on Lea Bridge Road are **The Jam Bus-ters** for 30 buses an hour during peak times. There's room for 2100+ passengers and space in the lanes for cyclists too.

Axing bus priority risks damaging the most **inclusive** and **accessible** part of our public transport.

Buses stuck in jams lead to: slow journeys, passengers drifting away, reduced fares income & less viable services. Routes then face cuts.

## Lea Bridge Road Jam Busters - A better Route Ahead

London Borough Of Waltham Forest & Transport For London

**Improve Our Routes & Improve Priority**

Extend the Eastbound lane above, right up to the bus stop.

Give a boost to bus passengers and cyclists.
