

Damaged Routes - W12

15%
Fewer
Passengers
in 3 years

**Saturday
2nd December
2017**
W12 Timetable Cut
Buses will run
every **30** minutes
instead of every
20 minutes

The frequency on the W12 bus route is set for a return to 1990s levels. Delays caused by traffic congestion in Walthamstow have undermined the service, hitting reliability. The result is a diminishing number of passengers boarding W12 buses. Transport For London is cutting the Monday to Saturday daytime service from 2nd December. There will be just two buses an hour instead of three.

**A Failing Transport Policy
Damaging Our Routes**
